

AAUW WILDFLOWER RUN

The 35th annual AAUW Wildflower Run, held on March 31 at Live Oak High School in Morgan Hill was a record-breaking event. Sunnyvale mother of triplets, Ann Marie Cody, broke the Guinness World Record of a female pushing a triple stroller in the 10k race.

She also came in third overall of the women in the 10k (while pushing 140 pounds of children and stroller). The American Association of University Women, event organizers, are also expecting record profits from the run, due to the unprecedented generosity of our corporate sponsors and members. They are hopeful that, when final expenses are accounted for, they will have \$60K to allocate to scholarships, leadership programs, for women and girls, community grants, and other programming supporting equity for women and girls.
